Few words about the process...

The Action Plan marks the completion of the process and activities carried out in the period January - September 2016 in the Municipality of Kumanovo as part of the "Social sustainability and Citizens Engagement (SSCE)" component and within the World Bank - Austria Urban Partnership Programme for Strengthening Local Government Capacity in South East Europe.

It was developed by a working group consisted of representatives of the Participatory scenarios development workshop participants.

Responsibility and ownership of the Action Plan lies with the Municipality of Kumanovo.

Action Plan Priorities

Priority 1: Improved information on the work and services (responsibilities) of institutions at central and local level in Kumanovo by creating protocols and procedures for information and public relations in institutions and between institutions.

Priority 2: Establishment of a Coordination body to encourage citizen participation and the reactivation of the citizen information office (Info desk) within the municipality

Priority 3: Proactive participation of Neighbourhood Self-Governments (mesna samouprava) in planning the development of Kumanovo
